## Temperature Data Logger EBI-6

### Technical Data

|                                |  |
|--------------------------------|--|
|                                |  |
| <b>Measuring range</b>         | -30 to +50°C   |
| <b>Measuring accuracy</b>      | ±0.8°C   |
| <b>Resolution</b>              | 0.1°C  |
| <b>Measuring rate</b>          | from 60s to 24h  |
| <b>Memory</b>                  | 4.000 values   |
| <b>Measuring mode</b>          | automatic with endless, Start/Stop or start with set measuring rate            |
| <b>Battery life</b>            | up to 2 years (at measuring rate of 15 minutes)<br>Battery replacement by user |
| <b>Logger-housing</b>          | Plastic suitable for food products   |
| <b>Protection class</b>        | IP 67  |
| <b>Start / Stop</b>            | with buttons   |
| <b>Calibration certificate</b> | according to ISO possible against surcharge                                    |

**Product-No 1600-0000**

### Applications

- Temperature monitoring during transport
- Temperature chamber monitoring
- Cooling chamber monitoring
- Storage monitoring

### Attributes

- Compact and handy
- Waterproof IP 67
- Optical Alarm
- Replaceable battery
- Evaluation software
- Good price/performance ratio
