

**TFH 620**  
**Hygrothermometer**  
 exchangeable probes available

**Technical Data**

Type	TFH 620
Measuring range humidity	0 to 100% r H
Measuring range temperature	0 to 60°C
Accuracy humidity	± 2% rH (from 5 to 95%)
Accuracy temperature	±0.3%
Resolution humidity	0.1%
Resolution temperature	0.1%°C
Operating temperature	0°C to +50°C
Storage temperature	-25°C to +60°C
Protection class	IP 67 (device without probe)
Dimensions	115 x 54 x 22mm
Housing material	ABS
Weight	approx. 90 g
Display	LCD
Sensor humidity	capacitive
Sensor temperature	Pt 1000
Probe connection	external, removable probe
Measuring channels	2
Battery	Lithium button cell, 3.0 volt, 1000 mAh
Battery life	up to 5 years
Shown on display	1-15 sec

**Product-No 1340-5620**

**Eigenschaften**

- Robust and impact resistant
- High accuracy
- °C/°F switchable
- Dew point calculation
- Battery charge indicator
- Automatic deactivation
- Factory calibration certificate

**Accessories for TFH 620**  
**Hygrothermometer**  
 exchangeable probes available
